Hi Parents

My Business is offering our services in various child care areas.
I have been an au pair for 9 years and I have completed a Facilitators course as well.

We offer the following services:

Babysitting for stay at home moms, who need to engage in child-free activities.

Homework aid / Tutoring, for those who require assistance. Babysitting in the evenings for the parents who want to go out for a date night or have a function on etc.

Assistance with planning and implementing routines and other developmental milestones.
E.g how to play with your child and manage their behaviour difficulties.

House sitting, for when you go away and need someone to look after your home and/or animals.

Au Pair Placements for families requiring a temporary, short term or long term Au Pair for their children.

We are located in the Northern Suburbs of Cape Town and have plenty of references.
We can set up meetings with some of our current clients whom we help on a regular basis.

If you'd like to know more and the prices for our services please feel free to call
