Mobile Number	
Email	info@busybods.co.za

A hive of activity, in a safe and homely enviroment!

Looking at the world through a child’s eyes and moulding and encouraging the child to bloom into an independent and well rounded individual with their own thoughts and dreams is the most rewarding job. Yet, never can teaching be classed as a job, if you have passion for education and a love for children.

We cater for children from 3 months to 5 years

Our hours are from 07h00 to 17h45

Children need a happy, loving and stable environment, and it is my mission to make the children, parents and my staff feel this way, so we all can benefit from each other and make this little school a place of smiles and laughter.
