Your Child's Journey Begins Here!

Choosing the right start for your child is the most important decision you'll make. At Lady Buxton, we are more than just an Educare and Pre-Primary Centre, we are a vibrant, custom-built haven that has been a trusted "home away from home" for families across the Peninsula for many decades.

Situated in a safe, secure, and beautiful environment in upper Claremont, our Centre is committed to providing a safe, secure, and structured environment where every child, from 3 months to 6 years, is nurtured to develop holistically and reach their full potential.

The Lady Buxton Difference: What We Do Best
We focus on delivering excellence in the crucial formative years, ensuring a confident transition to formal schooling and ultimate life-readiness.
Our Comprehensive Foundation:
• Exceptional Curriculum: Our program promotes the education of the whole child, prioritizing literacy, numeracy, and the achievement of essential life skills.
• Government Recognized: Our Pre-Primary unit is fully registered with the Department of Education, following the official curriculum to guarantee children are Grade 1- ready.
• Holistic Development: Committed to the all-round growth of each child.
• Diverse Community: We proudly welcome children from all walks of life, wide-ranging cultures, and diverse backgrounds, fostering an inclusive global perspective.

A Nurturing Environment:
We operate under a clear philosophy centred on the basic rights of every child, ensuring they are:
• Happy and Safe: Cared for by a warm, motivated, and responsible Staff in a safe environment.
• Stimulated and Engaged: Provided with stimulating materials and access to friends for physical,

intellectual, and social development.

Beyond the Classroom: Enrichment & Play
We recognize that development happens everywhere. We offer a full spectrum of extra-mural activities to accommodate every personality, from the boundless energy of a little mover to the quiet expression of an artist:
• Movement & Sport: Tumbling Tigers, Robotix, Soccer Starz, Rugby and Swimming. (subject to enrolment).
As an established Centre affiliated with the Cape Town Child Welfare Society, we invite you to explore our beautiful gardens and shady trees, and become part of a community dedicated to a bigger purpose.

We look forward to welcoming your family!
